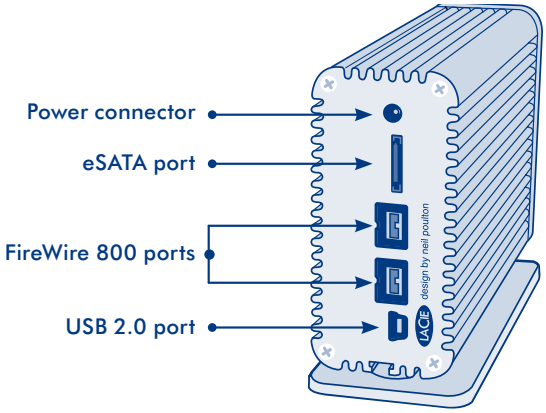
The Best Performance in Professional Mobile Storage

For Audio/Video Pros On The Road

This one-of-a-kind FireWire bus-powered innovation offers daisy-chaining directly to digital video cameras, and bootability via FireWire (Mac) or eSATA (Windows). Now you can get convenient portable data storage without sacrificing high-speed performance. Connect the Little Big Disk Quadra via eSATA or FireWire 800 for astoundingly fast burst transfer rates up to 30% higher than conventional desktop hard disks.

Universal Connection

This quadruple interface hard disk comes with eSATA 3Gbits, 2 x FireWire 800 (6-pin FireWire 400 adapter included) and USB 2.0 connections for complete compatibility with any PC or Mac computer. Installation and formatting is easy for all users thanks to the included LaCie Setup Assistant. The bundled advanced backup and restoration software EMC Retrospect Express helps you easily save your multiple projects. The Little Big Disk Quadra is fully plug & play with Mac® OS X 10.5 Leopard and Windows® Vista.

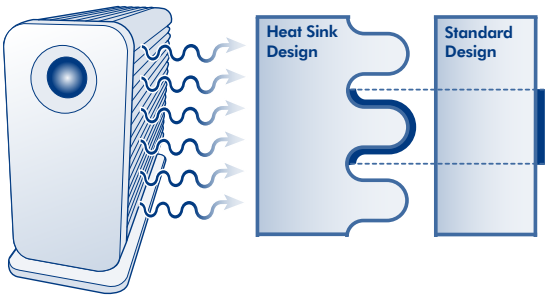


Little Size. Big Capacity.

For maximum performance with minimum dimensions, the Little Big Disk Quadra is the perfect compact, portable powerhouse. About 60 percent lighter than desktop hard disks, this small storage solution easily travels with you anywhere. With unsurpassed capacity for a mobile hard disk, it provides ample storage for transporting tons of files between home and office.

Sturdy, Clever & Silent Design

The world-renowned designer Neil Poulton – the creator of our award-winning d2 range – designed the distinctive Little Big Disk Quadra exclusively for LaCie. Thanks to its unique, fanless cooling system, it's the quietest hard disk for its capacity, making it ideal for AV professionals. The heat sink surface provides more area than the standard design for heat dissipation away from the drive, increasing reliability. Made of aluminum, it's the mobile solution for intensive use.



100GB =

7 hours of DV video or
35,000 songs or
100,000 photos****

- Enormous capacity for a portable hard disk
- As fast as desktop hard disks - up to 105-115MB/s** in eSATA
- Quadruple interface: the best connectivity for a mobile drive
- Aluminium heat sink design for safe, intensive use

Apple® Time Machine & Leopard Compatible

The LaCie Little Big Disk Quadra is compatible with Mac OS X v10.5 Leopard, including Time Machine, making it an ideal partner for your Mac. Time Machine automatically backs up your Mac's system files, applications, accounts, preferences, music, photos, movies, and documents to an external hard drive and you can easily go back in time to recover anything.

WARRANTY

Premium 3 Year Warranty

The Little Big Disk Quadra comes with a 3 Year Limited Warranty. For superior service, it also comes with an optional Advance Replacement Warranty, which can be purchased separately online within 30 days of the purchase date. Under the Advance Replacement Warranty, LaCie will immediately swap out the product without it needing to be returned first for minimal interruption of your workflow. LaCie covers all freight costs. Availability depends on the sales area. See www.lacie.com for details.

*1GB = 1,000,000,000 bytes. Total accessible capacity varies depending upon operating environment (typically 5–10% less).
**Burst transfer rates vary from one computer to another and from one hard disk to another. Average speed is usually lower, depending on host configuration.
